SUMMARY

Hello! I'm an enthusiastic IT student who enjoys coding and continuous learning. My enthusiasm for technology motivates me to constantly adapt to new tools and frameworks. I thrive on solving complex problems and developing efficient, innovative solutions. With a strong interest in software development, I am committed to learning both frontend and backend technologies. Throughout my studies, I have completed over 20 projects that demonstrate my ability to apply theoretical knowledge to real-world scenarios. My journey is driven by curiosity and a desire to excel, with the goal of making a significant contribution to the tech industry.
